LIFE VISION EXTRAVAGANZA/FALL CELEBRATION 2020 REGISTRATION STILL OPEN

Marietta, Georgia, September 10, 2020 - LIFE Vision Extravaganza/Fall Celebration 2020 is going virtual. There are currently more than 1,400 people registered, and if you want to join us, registration is still open!

While the University wanted to celebrate 125 Years of Chiropractic by hosting LIFE Vision Extravaganza/Fall Celebration 2020 live on campus, due to Georgia Governor Brian Kemp's Executive Order, we were not able to gather in such large numbers. Thankfully, the chiropractic community is one that knows how to adapt.

Attendees are able to obtain CE credits by logging into a Live Stream, two-day event to obtain eight CE hours on Friday and eight hours on Saturday. In addition, they are given access to completing up to 21 hours online, on-demand between Wednesday, September 30 and Sunday, October 4, 2020. That means if attendees participate in the two-day Live Stream and take advantage of the online offerings, they could accumulate a total of 37 hours of CE credits.

This entire educational program will facilitate the participants' critical thinking based on information determined as clinically viable to the benefit of the patients, including patient communication. Speakers will clarify, articulate and substantiate the science and art of Chiropractic and the inseparable relationship to human physiology versus the disease processes. Advanced review of clinical interventions and evidence-based models will be discussed.

On Monday, September 21, login information will be sent to every doctor registered for both the Live Stream, two-day event and the online course offerings (two different login codes on two different platforms – one for online CE credits, and one for the two-day Live Stream). Both offerings will require answers to True or False or multiple-choice questions, as mandated by state boards.

For full course offerings, and to register, please visit FallCE.LIFE.edu/.

About Life University

Founded in Marietta, Georgia in 1974, Life University is a health sciences institution most known for its chiropractic program, the largest single campus chiropractic program in the world. Life University is regionally accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award baccalaureate, master's and Doctor of Chiropractic degrees, and also has programmatic accreditation through the Council on Chiropractic Education (CCE), the Accreditation Council for Education in Nutrition and Dietetics (ACEND) and the Commission on Accreditation of Athletic Training Education (CAATE). The mission of Life University is to empower students with the education, skills and values necessary for career success and life fulfillment, based on a vitalistic philosophy.
